## WELCOME AND INTRODUCTION

Welcome to Sutter Health Plus! We're committed to providing you access to personalized medical care as well as a variety of programs designed to keep you and your family healthy. This provider directory is designed to assist you in selecting your primary care physician (PCP), finding referral specialists and other providers within your PCP's medical group, and identifying where facilities are located. As a member of our HMO health plan, you must receive medical care from your PCP and other providers in your PCP's medical group.

Sutter Health Plus has a service area in which it provides health care coverage. You must live, reside or work in the service area to qualify for coverage. With the exception of emergency services or urgent care, you must receive all covered services in the service area. You must notify us if you move out of the service area or no longer work within its boundaries.

Please read your *Evidence of Coverage and Disclosure Form (EOC)* carefully and completely. If you still have questions about how to access care after reviewing your *EOC*, contact the Member Services Department at 1-855-315-5800 (TTY 1-855-830-3500). Refer to the *How to Use This Directory* section for information on how to use this provider directory.

## How to Use This Directory

This provider directory is organized by county and medical group affiliation. It lists doctors by specialty, hospitals, laboratories, pharmacies, surgery centers, and other service providers you may need to access for covered health care services. There is an alphabetical index of doctors at the back of the directory if you know the name of the doctor you are seeking. This provider directory also identifies whether the PCP is accepting new patients.

If you are a new member with Sutter Health Plus and an established patient of a Sutter Health Plus PCP, you can keep your PCP (even if the practice is closed to new patients). Simply check the “yes” box on the enrollment form where we ask if this person is a current patient.

If you need to change your PCP, be sure to check with the provider’s office to see if he or she is accepting new patients, even if you are a former patient.

For more information about our network providers, please visit our website at [sutterhealthplus.org/providersearch](http://sutterhealthplus.org/providersearch). Sutter Health Plus’ Provider Locator tool allows you to search for a doctor who fits your life and needs. The Provider Locator lists doctors meeting your search criteria in alphabetical order by last name, or by geographic proximity if a ZIP code is used as a search criteria.

This provider directory is subject to change without notice. Please call Sutter Health Plus Member Services at 1-855-315-5800 (TTY 1-855-830-3500) to obtain current information regarding particular doctors, including whether the doctor is accepting new patients.
